

Seniors Together in Aging Research (STAR) Volunteer Registry User Agreement for the STAR Registry

The Research Team agrees to:

1. keep the information about persons from the STAR Registry confidential.
2. contact these persons for only the research study described in this application.
3. not release these names to another investigator or institution, private or commercial entity.
4. provide a copy of all publications resulting from the use of this data to the STAR team.
5. Include the following acknowledgement in any publication resulting from this research study:

"Subjects were recruited from the Seniors Together in Aging Research (STAR) Registry, a volunteer registry supported by the Institute for Clinical and Translational Science."
6. agree to payment of services rendered as quoted.
