

Core	Service	Description
Lab	Encounter Only	Appointment and check-in is the only service provided (labs only)
Lab	Sample Processing: Level A	Basic processing (between 0-5 blood tubes, less than 10 aliquots). See full desc.
Lab	Sample Processing: Level B	More than basic processing (between 6-15 blood tubes and 11-30 aliquots). See full desc.
Lab	Sample Processing: Level C	More than 15 blood tubes and more than 30 aliquots
Lab	Sample Processing: Milk	Fee includes general processing and/or preparing samples for same day. See full desc.
Lab	Sample Processing: Saliva	Fee includes general process of samples for same day shipment. See full desc.
Lab	Sample Processing: Stool	Fee includes general processing and/or preparing samples for same day. See full desc.
Lab	Sample Processing: Urine	Fee includes general processing for same day or urine going to UIHC labs. See full desc.
Lab	Sample Processing: CSF Processing	Fee includes complex processing of time-sensitive CSF sample.
Lab	Sample Processing: ESR	Fee includes measuring and recording the erythrocyte sedimentation rate.
Lab	Sample Processing: Nasal Swab	Fee includes general process of a sample for same day shipment. See full desc.
Lab	Sample Processing: Incubation	This is an additional fee added to the processing fee
Lab	Sample Service: Buccal Swab	Fee includes general processing and/or preparing samples for same day
Lab	Urine hCG Pregnancy Test	Rapid chromatographic immunoassay for qualitative detection of hCG in urine
Lab	POC Urine dip	Urine test strips for specific gravity, pH, leukocytes, nitrite, protein, etc
Lab	Supplies (depends on requirements)	Total charge will be determined by study requirements
Lab	Yearly Storage	This fee is assessed to every research subject on visit 1 and includes yearly storage of study-associated samples
Lab	Same Day Sample Shipment A	Fee includes up to 2 packages intended to ship the day of processing with no storage required.
Lab	Same Day Sample Shipment B	This fee replaces Same Day Sample Shipment A fee when there are more than 2 packages
Lab	Batch Shipment	See I-CART for full description (ONE-TIME fee charged at Visit 1)
Lab	Backup Shipment	Fee includes back up shipment preparation, to external vendors. See full desc.
Lab	Afterhours Charges for Lab Processing	This fee is assessed in ½ hour increments when CRU staff is needed to process in the Laboratory after 5:00pm weekdays or during the weekend
Lab	Laboratory Training	Hourly fee includes teaching study staff how to use the lab equipment
Lab	Service Development	Development and implementation of a new service, or build/modify existing
Lab	Dry Ice only	For studies that will ship their own samples and for oversize containers.
Lab	Use of lab equipment after hours	Charged if study needs to use lab equipment when NO CRU staff available
