5:15-5:45 PM, CLOSING REMARKS & AWARDS

The University of Iowa is honored to be hosting the **2018 American Physician Scientist Association (APSA) Midwest Regional Meeting** at the Carver College of Medicine. The aim of the conference is to facilitate opportunities, research, and career development for trainees interested in translational medicine, while promoting networking and collaboration across career levels. The conference features notable keynote speakers and breakout sessions that will cover a variety of topics including: MD, MD/PhD, and PSTP admissions; clinical trials; humanities in medicine; and more!

Registration is **FREE** and open to all current and prospective MD, MD/PhD and PhD students with an interest in medicine, clinical research, and/or a career as a physician scientist regardless of APSA membership.

All attendees are encouraged to submit an abstract for the poster session. Posters will be eligible for judged cash prizes graciously donated by our sponsors! Interested participants may submit abstracts on our website before **Friday, January 5th, 2018**.

For those traveling to Iowa City, please visit our event website for more information on negotiated hotel accommodations, as well as maps to campus, and information on unique Iowa City adventures!

A **SPECIAL THANK YOU** TO OUR GENEROUS SPONSORS!
